25 Years

PROFESSIONAL QUALIFICATIONS

Bachelor of Science in Electrical Engineering, Bosphorus University, Istanbul.

As an innovator, Asad Haider has founded and now leads August Leadership, one of the fastest-growing Executive Leadership Search Firms. Asad's career highlights include his various signature turnaround projects with Procter & Gamble as well as helping PepsiCo achieve record market share in international markets. His search career began as an entrepreneur, building one of Asia's largest region-wide search boutiques.

Asad is a trusted advisor with deep global experience and extensive knowledge of emerging markets, high growth companies, and high-potential diversity candidates. He has worked across the globe and within a wide range of industries.

Clients highlight Asad's highly responsive, transparent style, his fact-based approach, and problem-solving focus. These qualities, in combination, make him an outstanding choice for their most challenging strategic talent initiatives.

Asad is an active supporter of Paradigm 4 Parity. He is passionate and committed to advancing gender equality and diversity in business. Asad and his team are known for unparalleled results in helping clients recruit top-caliber diversity talent in key executive roles.
